General and Revenue Departments.

Sir,

With reference to your docket
No. 1658 / R.F. 18-99 dated 20th August 1900 return-
ing statements of cheques issued in the
months of May and June 1900 in connection
with the acquisition of lands for the
Bangalore City improvement and
the Basavangudi and Malleswara
extensions, I have the honor to state
that in the statements herewith re-
turned only two items of Rs. 25 and
Rs. 31 have been entered as claimed in a
note in the statement sheet, the

amount of Rs. 89 is made up of Rupees 74/, pay of temporary establishment (Rs. 5/ contingent expenses, and Rs. 10/ two-thirds charge of a boy. The 2nd Asst. Commissioner, who is in charge of the extension works, reports in his docket No. 93 dated the 18th July 1900, that when the extension works were started, several coolies had to be employed to help the moyanidars and others. As the necessity for employing these coolies diminished, they were dispensed with, retaining only as many as were absolutely necessary to help the Deputy Amildars entrusted with the extension works. The contingent expense of Rs. 5/ is the cost of paper and other writing materials necessary for the extension works. There does not appear to be any sanction and formal authority existing for

the above, but as the charges were ne-
-cessary for the occasion, the same
may be sanctioned. The purchase of
the log for keeping movies was made
with the permission of the then Deputy
Commissioner.

2. The item of Rs. 34/- is the
pay of the conservancy establishment
sanctioned in Government Proceedings
No. P. G. 284-5 dated 16th September 1902.

absence of funds at the disposal of the undersigned, to meet even the current expenditure of the extension Department, the menial establishment serving under the Deputy Collectors have not been paid for the last 3 months and the Officers of the extension Department have been obliged to borrow money for the incidence of office contingencies. The conservancy establishment working in the Basavangudi extension have not also received their pay for some months. In these hard times menial servants cannot be expected to work for months together without pay on the hope of getting it at some distant period and it is therefore found impossible to induce the Deputy Collectors servants and the conservancy establishment to work on [illegible]

The loss of menial establishment would considerably hamper and retard the work of the Deputy Auditors

2. Many of the parties to whom compensation is payable as per deeds executed, are pressing daily for payments and it is difficult to put them off, day after day. Each of these has, I learn, decided to sue the Government for the money due under the deed executed by him, if it is not paid to him shortly.

3. Even with regard to the outstanding cases, the absence of funds will interfere with their speedy and advantageous disposal. A smaller amount promptly paid is more acceptable to people than a larger amount paid at a distant date and hence the prompt payment of compensation

to Government.

4. The requisition for funds is being made since January last, but has not been favored with sanction. I need hardly say that without proper funds it will be extremely difficult for me to push on promptly and vigorously the work of acquisition. I therefore beg you to be good enough to obtain the sanction of Government at a very early date for the sum of Rs. 50,000/ as asked for, by Mr. G. Seetharamiah in his letter No. 1485 of 18/23 January last.

tracings, one for each of the Extension
details of lands acquired.

2. It will be seen from the ac
companying Statement that the charges in-
-curred include outlay on "Conservancy" and "Pa
ving" - the former charge was sanctio
ned by Government in Progs: no: Pg: 284-5
16th September 1899 and ordered to be debi
ted to the grant of 1½ lakhs sanctioned for
Extensions and the City Improvements.

3. As regards "Petta laying
it is understood that they were debited
the grant of 1½ lakhs by the Comptroller, but
on what authority it was so done cannot
be traced either in this office or in the
office of the Sanitary Commissioner. It is feare
that the amount charged to the Extension
under this head includes the cost of lay
pipes to the General Piggina Camps as
to the disinfection Shed in the City
these charges require transfer
to the grant for Extension

relieved of all irregular debits. This has to be done in the Plague Department in communication with the Executive Engineer Hassanaghatta Division.

4 The accompanying tracing shows the lands acquired those that have still to be acquired. The portions acquired outside the Extensions were taken up before the limits of the Extensions were finally determined and in some cases they were required for special grounds, they may for the present remain as Government property to be utilized to the best advantage in due course.

5. The delay in the submission of this report is due to the necessity there was for several references to the Deputy Commissioner in view to getting discrepancies noticed reconciled.

ORDER THEREON—In the letters read above, the Deputy Commissioner applies for a grant of Rs 50,000 for payment of compensation for lands and houses taken up for the Basavangudi and Malleswaram extensions and for sanitary improvements in the City, in addition to the 1½ lakhs sanctioned in the marginally noted Proceedings.

Total 1,50,000	

2. From the accounts received from the Deputy Commissioner from time to time, it appears that an expenditure of Rs 1,49,936-11-0 was incurred out of the said sum, leaving a small balance of Rs. 63-5-0 at the end of June 1900. This includes the cost of laying pipes for the Basavangudi and Malleswaram extensions amounting to Rs. 15,838-8-11 and Rs. 5,293-11-11, respectively, and conservancy charges amounting to Rs. 307-13-0.

3. The Chief Engineer, to whom the statements received from the Deputy Commissioner were forwarded, was requested to submit a classified statement of all expenditure incurred both by the Revenue Department and the Superintending Engineer, Sanitary Circle, from the commencement of operations, with information on certain other points.

4. In forwarding a classified statement (*vide* margin) of expenditure incurred by the Sanitary Department on account of laying out, excavating, forming and metalling roads in the extensions and opening out roads and lanes in the congested parts and improving the sanitation of the Bangalore City, the Chief Engineer expressed the Superintending Engineer's inability to verify the statement forwarded by this office without the details of survey numbers taken up for extensions and measurements of houses acquired in the City for effecting improvement.

5. Opening out roads and lanes in the congested parts and improving the sanitation of the Bangalore City	5,920	1	-
Total .	1,33,171	5	1

5. As the above statement related only to works carried out by the Sanitary Department, the Plague Commissioner was requested to furnish the information called for by the Chief Engineer. The latter officer was also requested to send up another statement showing the expenditure incurred by the Revenue Department on account of the extensions and the City improvement. But the Superintending Engineer in reporting the expenditure to Rs. 81,811 11 2 up to

the end of June 1900 again stated that he was unable to give the details of the expenditure incurred in acquiring houses in the City, as the statements furnished to him only showed the values of the houses acquired without mentioning the payments actually made.

6. The Deputy Commissioner was again called upon to submit a complete statement showing the values of houses acquired in the City, the amounts of compensation already paid and those still due to the owners; but he has merely reported that a sum of Rs. 65,119-12-10 has been paid up to the 29th November 1900 as compensation for the houses acquired in the City; that Rs. 19,022-7-2 more has still to be paid, and that some more cases relating to the houses marked for acquisition are yet undecided, the amount required for settling them being estimated at Rs. 10,000.

7. The Superintending Engineer's report, No. 365—85 dated 3rd February 1901, sent up by the Chief Engineer along with two tracings, showing what lands have been acquired in the two extensions, contains a statement of details included in the sum of Rs. 84,811-11-2 mentioned above, as the expenditure incurred in the Revenue Department. The Superintending Engineer states that these charges which include the outlay on conservancy as sanctioned in Government Proceedings No. 284-5, dated 16th September 1899, and pipe-laying in the extensions, including several plague camps and the disinfection shed at the City Railway Station, require re-adjustment in communication with the Executive Engineer, Hessarghatta Water-supply Division.

8. The Comptroller on the other hand requests sanction for an excess expenditure of Rs. 16,528-8-0 which has been incurred over the grant of Rs. 1,50,000 on the ground that in addition to the sum of Rs. 1,40,432-10-7 spent by the Civil Department out of that grant, the expenditure of Rs. 26,095-14-0 incurred by the Public Works Department in laying pipes and constructing grain bazaars in the Basavangudi and Malleswaram extensions, had also to be debited to the same account.

9. Government regret to observe that the expenditure incurred out of the above grant has not been properly regulated or accounted for. It cannot be made out why and on whose authority the expenditure incurred on account of laying pipes in the extensions, especially for the plague camps and the disinfection shed at the City Railway Station, was debited to this grant and what is the amount involved in each case. It has not been explained why no separate application was made for sanction to debit the expenditure either to Public Works or to Plague funds. The statement of the expenditure of Rs. 1,49,936-11-0 furnished by the Deputy Commissioner does not show how much of it represents the establishment and conservancy charges, how much the amounts of compensation paid and how much the sum spent on works, such as opening roads, &c. The Comptroller, the Deputy Commissioner, Bangalore district, and the Chief Engineer are requested to submit before the 15th of May 1901 detailed statements showing the expenditure incurred from the commencement of operations up to the end of April 1901 under the heads shown in the form appended.

	Amount of compensation paid for lands, crops and houses	Establishment charges of Deputy, Amildars and their establishments	Conservancy charges and lighting.	Amount spent on works such as wages paid for opening out roads, &c	Cost of laying pipes.	Total.

Laying pipes to the plague camps ...						
Do disinfection shed near the City Railway Station.						

The Deputy Commissioner will also add the amount of compensat statement.

Revenue, dated 3rd May 1901.

10. The Deputy Commissioner in applying for an additional grant of Rs. 50,000 has apparently lost sight of the orders conveyed to the President of the Bangalore City Municipal Commission in Government Proceedings No. 4916-18—L. F. 43-98, dated 5th October 1900, to treat as a loan to the Municipality, the sum of Rs. 74,054 already spent in opening out roads and lanes in the congested parts of the Bangalore City. From the accounts now furnished, it appears clear that the sum of Rs. 65,125 out of the said Rs. 74,054 has been debited to the grant of Rs. 1,50,000 above referred to. This sum being, as directed by the order above referred to, transferred to the Municipal loan therein sanctioned, would become available for payment of compensation now due. If the cost of dismantling houses and removing debris by the Sanitary Department, *viz.*, Rs. 8,929, has been debited to the Public Works or Sanitary Budget, it has also in accordance with the same order to be treated as a loan to the Municipality, and would thereby set free a further sum for expenditure out of the grant of 1½ lakhs. The Comptroller, the Chief Engineer and the Deputy Commissioner, Bangalore district, are requested to submit a report at once as to the present state of this account, whether there is any objection to the course pointed out in the preceding paragraph being followed, and how much actually remains available out of the 1½ lakhs, in that case. Pending final orders in the matter, the Comptroller is requested to place a sum of Rs. 50,000 at the disposal of the Deputy Commissioner to meet pressing demands requiring settlement.

11. As regards the proposal made by the Superintending Engineer, Sanitary Circle, to reserve for public purposes some of the lands taken up before the limits of the extensions were finally determined, Government observe that they have the power of acquiring lands whenever they are wanted for public purposes, and that it is undesirable to acquire and keep lands in view of some future necessity which may or may not arise. The lands thus marked need not therefore be taken up for the present.

12. The Deputy Commissioner's attention is drawn to the orders conveyed in Government Proceedings No. Pg. 169-71, dated the 10th September 1900, and he is requested to report without delay why some tax should not be levied from the residents of the extensions in order to meet the cost of conservancy and lighting.

13. The Deputy Commissioner and the Superintending Engineer, Sanitary Circle, are informed in this connection that no unauthorized expenditure should be incurred in anticipation of Government sanction; and that officers who may do so, besides incurring the displeasure of Government, would render themselves personally responsible.

To,

The Secretary to the
Government of Mysore
Rev. and Genl. Department

Sir,

Adverting to Government—
Proceedings No. 8799-802 dated the 31st May
R 1898
1901, calling for a detailed statement showing the expenditure incurred, in the Bangarpet and the Malla-wara extension, and in the Bangalore Since the Commencement, I have the honour to submit a Statement showing the details wanted including the amount of compensation still due.

2. The expenditure shown in the margin of para 2 of the proceedings under reply differs from

from that shown in the accompanying Statement, as the pay of Deputy Amildars in charge of the said extensions is not included in the former.

3 In reply to para 10 of the said order, I beg to state that the amount paid for the lands to be acquired for opening out roads to be in the City up to the end of April 1901 is Rs 64801-3-3 and that which has still to be paid is Rs 19638-11-11. Thus the total sum of Rs 86439-15-2 has to be paid by the municipality. —

4. In reply to para 12 of the order, I am of opinion that the [illegible] of house tax on the houses in the extensions is necessary as an establishment has been maintained for their [illegible] and lights are provided.

5. The arrears of pay of Rs 83½-12-10 due to temporary establishment for extensions will fall out of the [illegible]

at my disposal. Some time ago, I wrote to you, the revision of this establishment, as all that was not needed, but I was told to wait. Final orders are awaited. Copies of the correspondence on the subject, are herewith, submitted. Of the two hands that were not required, one has since been sent to the Kolar District, as per your docket No. 14989 Lis(2)293 of the 14th ult. The other viz, Narasinga Rao, the Head Gumasta of the Dodballapur Taluk who was taken on here (he being seconded in the Taluk) is still here pending orders.

CENTRAL OFFICE,

No. 2908 *Bangalore*, 28th May 1900

From

The Chief Engineer of Mysore,

To

The Secretary to the Govt. of Mysore,
General and Revenue *Department.*

Sir,

With reference to Govt:Pro:No: 8799-802/R.F.18-98 the 3rd instant, regarding expenditure incurred in connec with the Basavangudi and Malleswaram Extensions, and Impr ments to the Bangalore City; I have the honour to inform that the grants aggregating 1½ lakhs, sanctioned in the vious Proceedings quoted in para 1 of above, relate to acquisition of lands and houses by the Revenue Departmen and this Department has therefore nothing to do with th accounts for the same, except for the item of Rs.26095-14 said to have been expended by the P.W.Department in layi pipes, constructing drain Bazaars, &c, in the Extensions ferred to in para 8 I have had to ask the Comptroller details for this outlay, and the same will be furnished on receipt.

II. I enclose a statement shewing estimates sanctione and outlay incurred on works connected with the Basavang and Malleswaram Extensions and improvements by the Sanit Superintending Engineer, on grants sanctioned by Governme in the Sanitary Works Budget &c.. Intimation of such outl has been sent by the Examiner to the Comptroller as requ by para 7 of Pro.(P.W.) No.1126-30/C091-95 dated 30th No ber 1899.

III As regards Opening out the congested parts of the Bangalore City, I have to state that the outlay of Rs.745

incurred on this work to end of June'00, referred to in pa 10 of Proceedings under reference, and the subsequent advance of Rs.75,000 on this account, having both been treated as Municipal loans in Pro.No.491-18/L.F.43-98 dated 5th October 1900, this outlay, and that subsequently incurred should not have been debited against the grant of 1½ lakhs sanctioned for the extensions. To control the outlay on the work, a project of Rs.1,25,000 prepared by Mr.Standish Lee has been submitted to Govt. in the General Department, vide this office No.503 of 4th February last, for formal sanction, and orders thereon are still awaited. It provides Rs.1,10,659 for compensation for acquiring houses, and Rs.14,341 for dismantling houses acquired, and opening out streets and lanes, and the outlay incurred on account of the former item by the Revenue Department is borne in the accounts of the Civil Department, while that on the latter which is shown in the statement referred to in para II above, will be transferred to the Comptroller for recovery from the Municipality in due course.

I have the honour to be,

Sir,

Your most obedient servant

(2) ence end-
-ing with the Chief
Engineer's letter No 2976
dated 1st June 1901.

(3) Correspondence
ending with the letter
No D. 157 dated 30th July
1901, from the Dy. Comr
Bangalore Dt.

Order thereon:—

No H 613-5
R.T. 18-98 9/7

In the Govt order
above referred to, the Dy.
Comr, Bangalore Dt,
the Comptr, Mysore
Govt, and the Chief Engineer
in Mysore, were requested
to submit detailed state-
-ments shewing the expendi-
-ture incurred ~~on certain heads~~
in Connection
with the Basavangudi
and Malleswaram Exten-
-sions and the improve-
-ment of the Bangalore
City, from the Commence
-ment of the operations
up to the end of April
1901. The Statement

appended (hereto) figures the figures furnished by the three officers mentioned above. The Deputy Comr's report shows that up to the end of April 1901, a sum of Rs 1,58,997-14-5 in all has been spent, and that a sum of Rs 58,884-4-6 (still) remains to be paid.

2. The comptrollers figures do not tally with those of the Dy. Comr. His Statement shows that under the heads "Compensation for land etca," "Establishment, charges of Dy. Amildar and their Establishments" and "Conservancy charges and lighting", a sum of Rs 1,47,236-14-2, has been spent, & that of the sum

the expenditure in Con-
-nection with the Bangalore
City Extensions. He ~~has~~
refers to the Statement
sent by the Chief Engineer
as regards particulars
of expenditure under
other heads.

3. The Chief Engineer
states that the amount
spent by the D.P.W. out
of the grant of 1½ lacs
is only Rs 26,095-14-0,
on account of laying
pipes & Constructing
grain bazaars in the
two extensions, and
Constructing Depot to
-Basavangudi. Here
again the Dy. Comrs
~~figure~~ amount (Rs 21,132-4-10)
under this head
does not tally with
~~that of~~ the Chief Engineer's figures which
~~the latter~~ appear to
be correct. (Vide para 8
of the Govt order referred
to above)

4

4. Now taking the comptroller's and the Chief Engineer's figures to be correct the expend-iture incurred up to the end of April 1901 amounts to Rs 1,73,332-12-2 (147.236-14-2 + 26,095-14-0), of which Rs 76.963-8-10 (above referred to) has to be treated as loan to the Municipality. According to the Dy. Commr's ~~figure~~ statement the amount still remaining to be paid is Rs 58.884-4-6 Deduct-ing Rs 96.369-3-4 (Rs 173,332-12-2 — Rs 76,963-8-10) from the total grant of Rs 2,00000, the balance available for further expenditure (including the amount that remained to be paid up to end of April 1901) will be Rs 103.631

report whether this is correct. He is also requested to place himself in communication with the Dy. Comr and find out where and why his figures do not tally with those of the Dy. Comr and submit a revised Statement shewing the expenditure under the several heads up to the end of June 1901, and the balance available out of the grant of two lacs for further expenditure. The Dy. Comr, Bangalore Dt is requested to verify the Statement with reference to his accounts and submit it to Govt before the ~~15th of August~~ end of Sept 1901.

5. With reference to

this query in para 12 of the Govt order of 2nd May above referred to, as to why some tax should not be levied from the residents of the Extensions in order to meet the cost of conservancy and lighting, the Dy. Commissioner states that the levy of house tax on the houses in the extensions is necessary as an establishment has been maintained for their Conservancy and lights provided. The Dy. Commr is requested to submit a report in the matter for the orders of Government in the Municipal Department.

6. The Dy. Commr requests orders as regards the retention or removal of the [illegible] at the Cheriyal [illegible]

temporarily entertained for work connected with the Extensions. In January 1901, the Dy. Comr informed the Plague Comr that as the work that remained to be done did not require the continuance of the above establishment he had in anticipation of sanction, done away with the same and retained instead only two clerks on Rs 15 each & 6 peons on Rs 40 (4 on Rs 7 each & 2 on Rs 6 each), for work under the two Dy. Amildars on special duty in connection with the Extensions. But the Dy. Comr was told not to disturb the existing arrangement till he obtained the final order of Govt as regards the collection of prices. The smaller establishment proposed

by the Dy. Commr
ing Rs 70 per measu
appears sufficient
and Govt are pleased
to sanction the same
(in ordinance for a period
of three months)
7. The Dy Commr sent
requests sanction to
an additional
~~a further~~ grant of
Rs 50000 over and
above the 2 lakhs
sanctioned from time
to time for the
acquisition of the
× marginally noted
lands in the Basavan

From,

M. S Narayana Rao Esqr
Dy Commissioner
Bangalore District

To,

H. N. Nanjundayya Esqr M.A.L.
Secy to the Govt of Mysore
Rev: and Finance Depts:

Sir,

With reference to Government
Proceedings No. H.613-5 / R718 98 of the 11th November
1901 requesting the extra funds required
for acquiring lands for the Balavanpudi
Tank No-Halleswaram Extension and
the

the City Improvements, Bangalore, I have the honor to State as follows:—

2. The total amount of expenditure up to the end of April 1901 viz, Rs 158,997-14-5 as shown in the Statement Submitted with this office letter No 1703 of the 25th May 1901, is correct though observed by Government in the above Proceedings to differ from the Comptroller's figures (which are Rs 147,236-14-4). The difference between these two figures viz, Rs 11,761-1-1, is probably owing to the items having been left out in the Statement, Sum of expenditure

the Comptroller having entered excess amounts of expenditure under columns 2, 3 and 4 and nil under columns 5, 6, 7 and 8 of the Statement received with the above proceedings. Some items seem to have been debited from one head to another, and a portion of Rs 21132-4-10, the amount of expenditure incurred for laying out pipes and constructing grain bazaars and which was entered in this Office accounts as intimated by the Comptroller in his memo No. 3164/172 of the 20th December 1943 (Copy herein enclosed) Some items also been omitted. Such being the case, it can not be explained

from the Public Works Department showed Rs 26095-14-2. The actual amount of compensation paid should be Rs 126502-10-2 as shown by this office. The figures furnished by the Comptroller seem to include this and also some other items shown in columns 5, 6, 7 and 8 which have been omitted to be filled in. As regards the correct amounts that have to be entered under columns 3, 4, 5, 6, 7 and 8, figures have to be furnished by the Comptroller.

3. In regard to para 5 - The number of the Bungalow which has been taken up [illegible] to be entered [illegible] into numerical order

the Bangalore Taluk, and that will form the subject of a separate Communication.

4. With regard to para 6 — I would propose for the better working of the Staff, an establishment somewhat modified, as shown in the margin*, without exceeding the Sanctioned Sum of Rs 70 of a month, and I beg early approval thereto.

5. As already pointed out above, there seems to be no necessity for any revised Statement being submitted from this office, and I therefore beg that the funds prayed for in my first letter may be kindly

I have the honor to be
Sir
Your most obedient servant
